## MESSAGE FROM CEO DR ZIA UL HASAN

In the coming years, we will focus on:

- Providing affordable and convenient healthcare
- Enhancing the quality of patient care through better equipment
- Employing competent staff and management
- Better communication with stakeholders

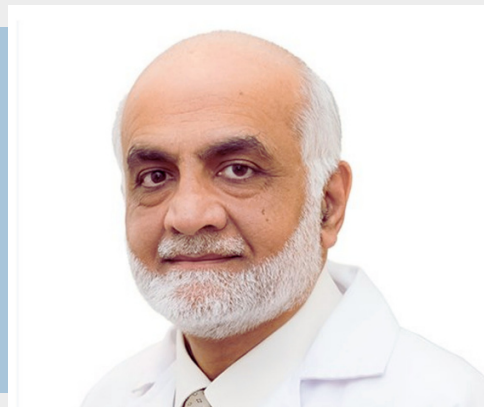

Our foremost priority is serving patients and their families registered at Sugar Hospital and village camps, organized by AIMS Pakistan and the Diabetes Association of KP. On behalf of our staff, volunteers, and donors, I convey our gratitude for this opportunity.

We have received tremendous support for our 2022-2024 priorities. A 24-hour Emergency Unit has been established; in-patient services have been expanded;

and surgical services have been initiated. My sincere thanks go out to all donors, volunteers, and staff who made all of this possible.

I apologize for any inconvenience caused by the ongoing changes in building, organizational structure, and staffing. Insha Allah things will settle down soon.

Grateful for your support. Jazaka Allahu Khair!

# SERVICE EXPANSION

## New Waiting Area

To accommodate the increasing number of patients, the current waiting area became overcrowded. As a solution, a new waiting area has been provided to better serve patients.

## Building Regulations

Sugar Hospital is in the process of applying for permission for building compliance regulation to allow for its expansion.

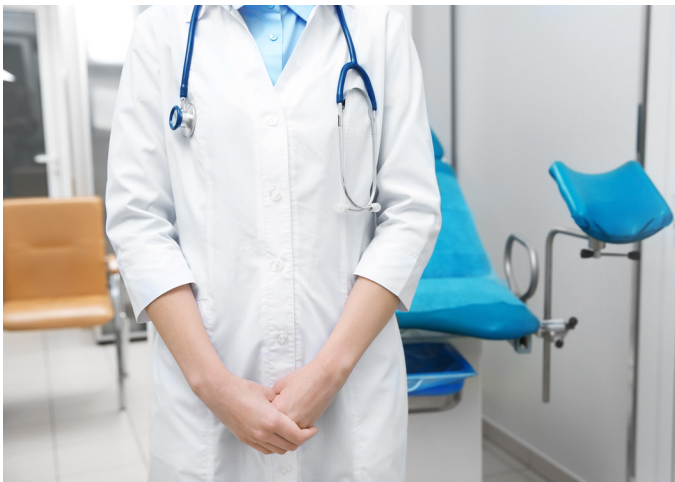

## Surgical Unit

## Obstetrics and Gynaecology Unit

Sugar Hospital is now offering General surgery and Laparoscopic Surgical services. Our hospital features state-of-the-art facilities and equipment, ensuring that patients receive the best possible care. We offer a wide variety of surgeries to meet patient needs. Department of Surgery is led by Professor Rooh ul Muqim, also Medical Director of Sugar Hospital.

In addition an Obstetrics and Gynaecology department has been initiated in Sugar Hospital. Facilities available include:

- Labor Room
- Gynaecology OPD
- Delivery Room
- C-section Room
- CU-IUD

# EMERGENCY ROOM

A new Emergency room has been established at Sugar Hospital.

This has helped to review patients urgently who require immediate life and/or limb saving treatments.

# SUGAR HOSPITAL

## MEDICAL CAMPS

Due to financial constraints and other challenges, many patients are unable to access medical facilities in urban centers. They often miss out on the essential care and treatment. This predicament is particularly pronounced among women, children, and the elderly.

*Medical Camp, 30 August, 2023 in Peshawar, Regi*

To address this, the Sugar Hospital team organizes medical camps right in their villages, bringing healthcare directly to their doorsteps.

*Medical Camp, 17 September 2023 in Buner*

# SUGAR HOSPITAL

## MEDICAL CAMPS

*Medical Camp, 1 October 2023 at Peshwar, Regi*

Each medical camp caters to 50-200 patients. Services provided are general health checks, diabetes tests, BP checkups, BMI checkups, doctor consultations, eye checkups, and medications.

*Medical Camp, 4 October 2023 in Swabi*

Complicated cases are referred to the hospital.  
Each camp is sponsored by a donor.  
Cost of sponsorship is \$2500 to \$4000 per year.

*Medical Camp, 27 October 2023 in Hasanabdal*

## Volunteers

A group of six medical students from the Social Welfare Department at the University of Peshawar have joined us as volunteers and commenced their internships at Sugar Hospital. They are actively engaging in community work, conducting research, and preparing reports.

## Our Patient Stories

A 16 year old young girl. Three years ago, she was diagnosed with diabetes at our hospital. Sadly, as a result of her condition, she developed stunted growth syndrome and had severe vision problems. Since then, she has been receiving free care and treatment at Sugar Hospital. There are many such stories at Sugar Hospital and we sincerely thank our donors for their continued generosity and support.
